Overview

The *Literacy Continuum K-10* is a powerful tool that all teachers can use to strengthen their knowledge of literacy development and to assist in the delivery of quality teaching programs for every student, across the learning areas.

This course will build the capacity of teachers to develop best literacy practice across their schools using *Planning Literacy and Numeracy (PLAN)* software data to inform differentiated instruction.

Participants will:

- understand the purpose, uses and structure of the *Literacy Continuum K-10* and the *PLAN* software and how it can inform school planning
- confidently use these tools to develop students’ profiles of literacy learning, design quality differentiated teaching programs and track and monitor student progress in literacy through the aspects and across the years of schooling
- access DoE Literacy Continuum K-10 resources in use within their school.
